Objective

I am a software engineer with knowledge and skills in user interface, testing, and debugging processes. Bringing forth expertise in design, development, installation, testing and maintenance of web and mobile applications. Equipped with a diverse and promising skill-set. Proficient in an assortment of technologies, including Java, JavaScript, Python and frameworks and libraries like React.js, Next.js, React Native, Flask, Android Studio. I am able to effectively self-manage during independent projects, as well as in a team setting.

Experience
